Detailed Description of Changes [dimensions, color(s), specification(s)]: _____

- For house painting, a color swatch containing the brand (SW), paint number (7074), and name of color (Thistle Grey) **MUST** be attached. If the paint is the same color of the house, and compliant to current approved colors, only specify no color change. Improvement must be completed within 30 days from the date of approval.
- For fences, attach property survey, or plot plan, indicating the proposed location of fence(s), material, and color. Improvement must be made within 60 days from date of approval.
- For sheds, attach blueprint and/or plan containing the dimensions. Improvement must be made within 60 days from the date of approval.

Due to circumstances, an extension of time may be granted by the ARC. An inspection will be performed by an ARC member upon completion. It is strictly the homeowner's responsibility to contact Lake County for permits, if applicable.
